

**SYSTEM INQUIRY QUESTION:** What impact will collaborative teaching and learning, that focuses on the assessment for learning process, have on increasing the number of students approaching, achieving at or beyond the provincial standard K-12?

**URGENT STUDENT LEARNING NEED:** What Impact will an intentionally cohesive and collaborative approach to teaching and learning have on building capacity that will help increase the number of students achieving Levels 3 & 4? Our goal is to improve Math proficiency in all students (with focus on marker students) when attempting challenging learning tasks involving Proportional Reasoning. Teachers will participate in school and system level co-learning in divisional teams and with a numeracy coach. The numeracy coach's focus will be working with the Gr. 3, 5 and 6 teachers.

**SCHOOL-THEORY OF ACTION:** *If teachers build math fluency within the context of a comprehensive numeracy program, then students will show evidence of improved independent mathematical thinking and application.*

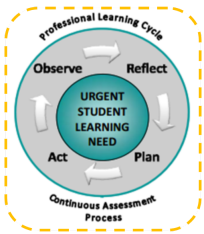

Which SEF Indicators will support the evidence based strategies aligned with the outcomes? Indicators describe the intended outcome of actions –facts, behaviours, structures or processes which indicate if we are on the right track or not.

**MYS P Priorities: COLLABORATIVE CONDITIONS for LEARNING for ALL**

<p><b>Nurturing Our Catholic Community</b> BIPSA SEF Indicators 4.1,5.3, 6.3 Where are our areas of growth? What we must learn more about? SEF strategies/indicators that we believe will have the greatest impact on the area of urgent student needs?</p>	<p><b>Building Capacity to Lead , Learn &amp; Live Authentically</b> BIPSA SEF Indicators 2.4, 4.3, 4.5 Which essential practice will support the instructional strategies/practices? How is professional learning responsive to the outcome (s)?</p>	<p><b>Student Engagement, Achievement &amp; Innovation</b> BIPSA SEF Indicators 3.1, 4.2, 5.4 How will the strategies and actions change practice to achieve the outcomes (s)?</p>
---	---	--

**SYSTEM FOCUS STATEMENTS: Through educator collaboration & assessment, OUR STUDENTS WILL...**

<p><b>CATHOLIC, COMMUNITY, CULTURE &amp; CARING</b> ...contribute as partners to a safe, healthy, and faith-filled, inclusive classroom, school and community that maximizes engagement, achievement and well-being. (SEF: 3.1, 6.3)</p>	<p><b>NUMERACY</b> ...problem-solve, communicate, and reflect on their thinking by making connections between concepts, procedures, and skills. (SEF: 2.4, 4.1, 4.2, 4.5)</p>	<p><b>LITERACY</b> ...use language and images to apply critical thinking skills, analyze and challenge texts, express opinion and ideas, and reflect on and connect to other learning. (SEF: 3.1, 4.2, 4.5)</p>	<p><b>PATHWAYS TO SUCCESS</b> ... engage as partners in challenging, meaningful learning experiences that are responsive to their voices and individual identities and engage them in education and career life planning. (SEF: 4.3, 5.3, 5.4)</p>

---------------------	--	--	---	--	--

**Our Catholic, Global-Minded Graduates will: Collaborate & Communicate; Think Critically & Problem Solve; Create & Innovate; & Develop Character; Demonstrate Resiliency & Perseverance**

**STRATEGIES AND ACTIONS FOR BUILDING CAPACITY THROUGH COLLABORATIVE LEARNING**

Increase student achievement and well-being by focusing professional learning on evidence-based instructional strategies, mindfully using a variety of tools and technologies.

**Superintendent will (from [Catholic System-Level Leadership-OLF](#))**

- Maximize time spent in classrooms and schools for the purpose of collecting, analyzing and responding to evidence of student learning and well-being, and educator practices
- Support the development of instructional leadership by modeling, coaching, and participating in professional learning at all levels (i.e. Collaborative Inquiry Learning (CILs), Professional Learning Communities (PLCs), etc., as well as Principal Learning Teams (PLTs) and Network Learning Communities (NLCs)) using evidence-based instructional strategies
- Collaborate with and support schools in the development of their School Improvement Plan (SIP) and incorporation of relevant data
- Provide differentiated support to schools (e.g., instructional teacher support, release time and resources, etc.)
- Assist in connecting the BIPSA, School Effectiveness Framework (SEF), to SIPSA
- Promote formal and informal leadership to support professional learning

**Administrators will (from [Catholic School Level Leadership-OLF](#))**

- Collect, analyze and respond to evidence of student learning and well-being, and educator practices
- Support the development of instructional leadership by modeling, coaching, and taking an active role in school-based professional learning (i.e. Collaborative Inquiry Learning (CILs) and Professional Learning Communities (PLCs), etc., as well as Principal Learning Teams (PLTs) and Network Learning Communities (NLCs)) using evidence-based instructional strategies
- Develop and implement learning cycles based on school and student data/evidence
- Bring current evidence to each network learning session to demonstrate progress made within the inquiry process
- Participate in and provide opportunities for co-planning, co-teaching and co-debriefing/reflecting amongst staff
- Promote formal and informal leadership within the school to support professional learning
- Ensure that learning communities (e.g., PLCs, CILs, NLCs, and Family of Schools (FOS) are in place and evidence of progress is maintained
- Purposefully embed the strategies identified in the Pastoral Plan
- Engage parents/caregivers in supporting educational priorities

**Educators will (from [K-12 School Effectiveness Framework-OLF](#)):**

- Create an engaging & safe learning environment based on high expectations through the intentional use of the following classroom components: worthwhile tasks, classroom discourse, non-threatening classroom environments, & tools and representations
- Incorporate Ontario Catholic school Graduate Expectations into all planning & learning opportunities
- Provide multiple opportunities via the use of evidence-based instructional practices (e.g., mindful use of strategies for LD, critical thinking, inquiry-based learning, quality questioning, accountable math discourse, learning goals and success criteria, descriptive feedback, assessment & pedagogical-play learning, etc.) & tiered interventions
- Participate in PLCs using student data & collaborative inquiry to monitor progress, deepen professional knowledge; understand & use digital technologies, to gather and analyze timely assessment information about student learning to guide instructional approach
- Engage parents/caregivers in supporting educational priorities

- Triangulate leading student achievement data to establish responsive instructional goals, & plan & monitor professional learning needs
- Engage in the professional learning cycle through co-planning, co-teaching and co-debriefing/reflecting within school improvement collaborative learning
- Focus on the consolidation of key concepts to support students in becoming independent & flexible thinkers.

**Support Staff will (from [K-12 School Effectiveness Framework-OLF](#)):**

- Collaborate to assist in the implementation of effective strategies that will support learning for all students
- Collaborate to support job-embedded professional learning of evidence-based instructional strategies
- Respond to system learning needs in a strategic and timely fashion

**Students will:**

- believe they can learn, progress and achieve
- understand what they need to do to be successful in independent numeracy and literacy tasks (robust tasks and success criteria)
- explore and reflect on interests, strengths, skills, and education/career/life aspirations
- believe their learning and well-being are supported

**SYSTEM INQUIRY QUESTION:** What impact will collaborative teaching and learning, that focuses on the assessment for learning process, have on increasing the number of students approaching, achieving at or beyond the provincial standard K-12?

**URGENT STUDENT LEARNING NEED:** What Impact will an intentionally cohesive and collaborative approach to teaching and learning have on building capacity that will help increase the number of students achieving Levels 3 & 4? Our goal is to improve Math proficiency in all students (with focus on marker students) when attempting challenging learning tasks involving Proportional Reasoning. Teachers will participate in school and system level co-learning in divisional teams and with a numeracy coach. The numeracy coach's focus will be working with the Gr. 3, 5 and 6 teachers.

**SCHOOL-THEORY OF ACTION:** *If teachers build math fluency within the context of a comprehensive numeracy program, then students will show evidence of improved independent mathematical thinking and application.*

### MONITORING LEARNING

Professional learning cycles will include reflection and assessment of **educator learning** and **student learning** through the BIPSA monitoring questions.

#### MONITORING OUR STUDENTS' LEARNING

**Ongoing reflections that will support efforts to know our learners and monitor student growth:**

- Where did our students begin? How did we document and measure student learning?
- How have our changed instructional and/or assessment practices show impact through the number of students achieving at or beyond the provincial standard?
- How do we know that all students have shown growth?

**Catholic, Global-Minded Graduates**  
*Collaborate & Communicate*  
*Think Critically & Problem Solve*  
*Create & Innovate; Develop Character*  
*Demonstrate Resiliency & Persevere*

#### NEXT STEPS:

- What will we do next as a result of our learning and reflections?
- How does our new learning inform our MYP priorities?
- How will we mobilize our successful evidence-based strategies?
- What additional student and educator learning needs remain?

#### MONITORING OUR PROFESSIONAL LEARNING

**Ongoing evidence of the impact of collaborative professional learning:**

- How did we document and measure educator learning?
- How has our participation in collaborative teaching and learning changed our teaching practice?
